## **DEMOLITION PERMIT REQUIREMENTS**

Demolition means, “the removal of the complete structure, from roof to, and including, the foundation.” If a portion of a building is to be removed and part of the structure is to remain, this is considered a building alteration. In such cases, a building permit would be issued. The Demolition Process requires the disconnection of all utilities prior to having a permit issued.

### **General Requirements**

- Contractors who obtain a Demolition permit must have a current contractor’s license (Class A, B or C) from the state of Virginia. A \$5.00 fee will be charged to register Class C contractors with our Department.
- Request service disconnection and/or inspection for:
  - A. Electric- from Dominion Virginia Power @ 1-888-667-3000
  - B. Gas- from Virginia Natural Gas @ 1-866-229-3578
  - C. Water- from Waterworks @ 757-926-1000
- Complete Plumbing Permit Application, requesting sewer cap off inspection. The minimum permit fee shall be fifty-five dollars and ninety six cents (\$56.10). (If a sewer cleanout does not exist, then a licensed plumber is required to obtain a plumbing permit to install a sewer cleanout).
- Request a demolition measurement inspection from Codes Compliance Building Inspector @ 757-926-8863
- Obtain Right-of Way and/or Land Disturbance permit(s) if necessary, from Engineering Department @ 757-926-8611
- Commercial Buildings require a fire inspection from the Newport News Fire Department @ 757-247-8873
- Complete Building Permit application, and provide service disconnection letters.

### **Fees**

The demolition permit fee for a structure having a floor area greater than two hundred fifty (250) square feet shall be one hundred and two dollars (\$102.00). Structures with floor areas of two hundred fifty (250) square feet or less shall be charged the fee of forty dollars and eighty cents (\$40.80).
