

Mission Statement

Public Works - "We keep the City running!"

Our mission is to enhance the quality of life for City residents by providing professional public works services to safely and efficiently manage the infrastructure with which we have been entrusted.

Vision Statement

To excel as a nationally accredited Public Works Department and attain Exemplary Environmental Enterprise (E3) certification:

- That employs a professional workforce to implement proactive measures and utilizes current best practices,*
- That uses the most appropriate and cost effective equipment and technology,*
- That provides an excellent level of public service where community satisfaction is of utmost importance, and*
- That creates a safe and healthy environment for the future of our community.*
