BID

2009 Arterial Street Resurfacing Program

The following streets are scheduled to be resurfaced. The City reserves the right to delete and/or add streets and/or parking lots at any time throughout the project with no adjustments in the unit prices bid. All quantities are approximate and were provided by Public Works. Exact quantities, depths and areas of work will be determined in the field by the Inspector. Construction operations shall not be performed on holidays unless prior approval from the Engineer is obtained. Contractor shall pay for project inspection services on Saturdays, see Page C&I-9. Night work is required, avoiding Friday and Saturday nights. All concrete work shall be completed prior to paving.

Street paving, includes but not limited to patch work, manhole and water valve adjustments, street sweeping and removal of excess stone, and miscellaneous items. All work shall be completed by dates designated below:
