This Form Must Be Signed.

The question below was submitted by a vendor:

Victor Stanley, Inc. was specified for the litter receptacles, on the above referenced. If available, is it possible to submit alternates for the remaining specified site furnishings?

Also, what type of receptacle lid should be used (S-424)? Victor Stanley, Inc. offers a standard, tapered lid with this model. However, they also offer the optional dome lid, convex lid, and rain bonnet lid.

Below is the City's response, which shall be incorporated into the contract requirements:

1. Alternate site furnishings manufacturers are acceptable as long as they meet the basis for design specified.
2. The litter receptacle shall have the standard lid.

Note the following change:

1. Replace Bid Form sheet B-2 with attached pages B-2 and B-3.
2. Replace Contract sheet C-3 with attached pages C-3 and C-4.
3. Specification Section 2300 – 1.5B: Testing and inspection agency shall be provided by Owner.
4. Specification Section 2300 – 2.1A: The statement “When within the right-of-way, the Public Works and/or VDOT inspector shall make all determinations of acceptability” shall read, “When within the right-of-way, the Department of Engineering inspector shall make all determinations of acceptability.”
