

## Water Pipeline Contractors Approved by Newport News (VA) Department of Public Utilities (Waterworks)

---

**DISCLAIMER:**

The following companies have satisfactorily exhibited to the Newport News Waterworks their ability to perform installation of water mains and service pipelines (copper tubing or small pipelines between water mains & water meters), and therefore are *approved* to do such installations for developers. This list is not complete nor is it intended as an endorsement of any specific company or companies. The information contained herein has not been verified to determine accuracy or to determine if the companies identified continue as business entities. Last updated September 6, 2011.
